

Skyman  
425 E. McKellips, Suite 5  
Mesa, AZ 85203

Dear Ed,

We wanted to send a letter of appreciation in persuading us to keep our sky panels. Let me remind you of what I mean.

Several years ago, we purchased our first panels from you. Upon placement of the first panel, I immediately wanted it removed. I thought it was too dark. "Take it out Ed.", I said. But you told me to try it for a week or two and call you back if I didn't like it. Two days later I called you up and wanted thirty-two more right then.

Four locations later, I have ordered and continue to order more panels. The staff loves the variety that you have to offer, and at least once a day, one of our patients asks if they can order them and ask for your name and number.

I appreciate your promptness always and thank you for adding a personal touch to my practices.

Sincerely,

A handwritten signature in black ink that reads "M. Arooni" followed by a date "1/27/15".

Dr. Mark Arooni
